

Sprint 1 Test Cases

Test Case ID	Test Title	Description	Preconditions	Test Steps	Test Data	Expected Output	Actual Output	Status
TC-S1-01	Verify Book List Display	Check whether the system displays the list of books	App is loaded, book data available	1. Open app 2. Go to home page 3. View book list	Sample books	All books are displayed correctly	Same as expected	Pass
TC-S1-02	Verify UI Elements Display	Check if title, search bar, and book list are visible	App is loaded	1. Open app 2. Check title 3. Check search bar	N/A	All UI elements are visible	Same as expected	Pass

				4. Check book list				
TC-S1-03	Search Book by Title	Verify searching by book title works	Book list displayed	1. Enter title 2. Click search	"Harry Potter"	Matching books displayed	Same as expected	Pass
TC-S1-04	Search Book by Author	Verify searching by author works	Book list displayed	1. Enter author name 2. Search	"James Clear"	Books by author displayed	Same as expected	Pass
TC-S1-05	No Matching Results	Check behavior when no results found	Book list available	1. Enter random text 2. Search	"XYZ123"	"No results found" message	"No books Found"	Pass

TC-S1-06	Case Sensitivity	Verify search ignores case	Book list loaded	1. Enter lowercase title 2. Search	"harry potter"	Correct results displayed	Same as expected	pass
-----------------	------------------	----------------------------	------------------	---	----------------	---------------------------	------------------	------

Sprint 2 Test Cases

Test Case ID	Test Title	Description	Test Steps	Expected Output	Actual Output	Status
TC-S2-01	Initial Count Display	Verify the initial available books count is shown	1. Load the app 2. View the "Available Books" counter	Counter displays the correct total from the database	Same as expected	Pass

TC-S 2-02	Borrow Action: Counter Decrement	Verify clicking Borrow reduces the count	1. Note current count 2. Click "Borrow" on a book 3. Observe counter	Available count decreases by 1	Same as expecte d	Pass
TC-S 2-03	Return Action: Counter Increment	Verify clicking Return increases the count	1. Note current count 2. Click "Return" on a book 3. Observe counter	Available count increases by 1	Same as expecte d	Pass

TC-S 2-04	Zero Inventory Logic	Verify behavior when count is 0	1. Borrow books until count is 0 2. Try to borrow another book	"Borrow" button is disabled/hidden; Count does not go below 0	Button is disabled	Pass
TC-S 2-05	Search Consistency	Ensure search still works with new buttons	1. Search for a book 2. Click "Borrow" from search results 3. Check main counter	Counter updates correctly even when action is taken from search view	Updated correctly	Pass
TC-S 2-07	Rapid Click Test	Ensure counter doesn't break on fast clicks	1. Click "Borrow" multiple times rapidly	Count only reduces by 1 per successful transaction; no "double-count" errors	Same as expected	Pass

Sprint 3 Test Cases

Test Case ID	Test Title	Description	Test Steps	Expected Output	Actual Output	Status
TC-S3-01	User View Restriction	Ensure users cannot borrow/return	1. Access app as Guest/User 2. Search for a book	No "Borrow" or "Return" buttons are visible	As expected	Pass
TC-S3-02	Staff/Admin Login	Verify access to transaction tools	1. Login as Staff/Admin 2. View book list	"Borrow" and "Return" buttons are visible under the book	As expected	Pass
TC-S3-03	Manual Borrow Entry	Admin records a physical loan	1. Staff clicks "Borrow" for a customer 2. Confirm action	Available count reduces by 1; Status changes	As expected	Pass

TC-S3-04	Manual Return Entry	Admin records a book return	1. Admin clicks "Return" 2. Confirm action	Available count increases by 1; Status changes	As expected	Pass
TC-S3-05	Add New Inventory	Admin adds new physical stock	1. Admin goes to "Add Book" 2. Fills details & Save	Book is added to the system	As expected	Pass
TC-S3-06	Remove From Stock	Admin removes damaged/s old stock	1. Admin selects book 2. Clicks "Remove"	Book is deleted from the digital catalog	As expected	Pass
TC-S3-07	Borrowed Records View	View who (or what) is currently out	1. Admin/Staff opens "Borrowed List"	Displays list of books currently not on shelves	Displayed	Pass
TC-S3-08	New Staff Sign Up	Admin creates a user account	1. Admin uses "Sign Up" feature	New member can now login to manage books	As expected	Pass

			2. Enter username and new password			
TC-S3-09	Input Validation	Prevent bad data entry by admin	1. Try to add book with empty price/title	System shows error; prevents save	Same as Expected	Pass
TC-S3-10	Input Validation for bookcount	Prevent names/characters- only numbers	1. Try to add book with characters	System doesn't let keyboard input	Same as expected	Pass
TC-S3-11	Input Validation for bookcount	Prevent names/characters- only numbers	1. Try to add book with characters	System doesn't let keyboard input	Same as expected	Pass
